Video Editor/Cameraman, KGW 8, Portland OR, 2010 – present
Edit compelling visual content for newscasts while working under extreme pressure and deadlines. Problem solve, and troubleshoot technical problems to maintain a consistent work flow. Work as a team player and give the utmost attention to detail.

Video Editor/Composer/Cameraman, Polyvid, 2011 - 2014
Coordinate, shoot, score and edit various film, music, comedy, and commercial projects as part of a very small team. Organize shooting schedules and overseeing script-writing process on a number of projects.

Crew Manager & Video Director, Trident Media Services, 2004 – 2011
Film horse races in many different cities across the state for the Oregon Racing Commission. Control “in-house” video programming, record the races to DVR’s, set up microwave transmitters to receive video, run the switcher for the live satellite feed of the races on Horse Racing Television, operate a character generator, and manage a crew of five people to properly set up video at the four horse racing tracks in Oregon.

Video Editor, Sights & Sounds Unlimited, 2004 - 2006
Edit customer weddings, depositions, promos, commercials, slideshows and many other types of videos. All of the projects were spearheaded with the customer who ordered the video and would be completed in a very detail oriented fashion until a polished final product was reached.

2nd Assistant Cameraman, Freedom Film, 2005 - 2006
Clapping slate, handling Zeiss prime lenses, packaging film, setting up sound equipment, setting up camera equipment, keeping meticulous and accurate camera and scene related notes, operating the teleprompter, and managing actors and extras.

Extensive knowledge of photographic theory and process, lenses, color grading, 35mm and DSLR cameras.

Extremely proficient with non-linear editing, graphics and music sequencing programs including Adobe Premiere, Adobe After Effects, and Final Cut Pro.

Have been editing video in a multitude of different capacities for over a decade and I am very knowledgeable about the latest and greatest trends in video technology.
